

Please read carefully as there are some changes from previous years

Firstly the Kelt Capital H.O.Y stabling administration greatly appreciated the amazing co-operation from the competitors in 2009, and we are looking forward to seeing you all again in 2010.

Due to the number of horses needing accommodation on the grounds it can be difficult to cater for everyone's stabling. There are approximately 1200 yards located on the show grounds approximately 35% of these are covered. The NZ HOY Show gets bigger every year and due to the limited number of covered yards and stables at the show grounds it is really helpful for us to know that you, have a second preference. If you do urgently require a stable please do consider listing the Hastings racecourse stables as a second choice. These facilities are very good. Truck parking and camping is available there. Please help us to ensure we can accommodate everyone's requests by marking a first and second choice on the form.

The Hastings Racecourse Accommodation Stables: located at 698 Wall Rd (the Southland Road end) on the south side of Hastings. This would be approximately a 10 minute drive from the show grounds. There are both stables and yards available at these facilities. The stables are very large and are suitable to house stallions, very large hacks, as well as mares that need to be boxed with their foals. The yards are also large and are great for bigger horses. There is a truck and parking/camping area, and there are toilet facilities. However, there is not enough room to school horses.

The Flaxmere Equestrian Park: Located south of Hastings at the end of Equestrian Lane in Bridge Pa, approximately 15 minutes drive from the show grounds. There is truck parking/ camping, tent camping, toilets and showers available in this area. There is also plenty of room to school horses. However, there are no stables in this area. The yards are medium sized and suitable for ponies and hacks. There is a charge for camping and dogs are allowed.

Local Accommodation: there are some local people who are offering accommodation for horses and people etc. We will endeavor to put the contact details of these people on the web site.
